It's best you be a gentleman  
And you watch what you say  
(Bwahh nigga take that)  
Or Jesus Christ can't save you  
Once you go gangsta, friend

Yo, no more freestyles and verses killin' Sticky and Ja  
I've movin' on now, I got bigger fish to fry  
Since 'How to Rob' a lot of niggas been naming names  
Monkey see monkey do, I done changed the game  
Still niggas acting like I don't get down or something  
Like I ain't the next nigga to wear the crown or  
something  
You gonna talk about your chips till we run in your crib  
And you gone ask dumb questions like, "Can I live?"

Look, if I shoot you, I'm famous  
If you shoot me you're brainless, you said it yourself  
I'm slick enough to twist your lines and send them back  
at you  
Swift enough to snatch the mack and pop that at you  
Take it personal see if I won't send you to hell  
I've done told Ton and [unverified] they better have my  
bail  
But if it's over a mil don't put the crib up dun  
'Cause if 50 get free nigga, 50 gonna run

It's best you be a gentleman  
And you watch what you say  
(Bwahh bwahh, nigga take that)  
Or Jesus Christ can't save you  
Once you go gangsta, friend  
(Bo, bo, bo, bo, bo, it's gangsta)

It's best you be a gentleman  
And you watch what you say  
(Bwahh bwahh, nigga take that)  
Or Jesus Christ can't save you  
Once you go gangsta, friend  
(Bo, bo, bo, bo, bo, it's gangsta)

Look I'm supposed to be cocky, I ain't a po' no mo'

I ain't gotta steal from the corna' store no mo'  
Got my own crib, I ain't sleepin' on the flo' no mo'  
Bouncers don't try to play me at the do' no mo'  
But when they see me they say search him  
"He might have the nine  
He might shoot this motherfucker up like Shyne"

It's been a while since a new nigga came tight like this  
Ya man, he aight, but he ain't quite like this  
Niggas is feelin' it  
The Benz pullin' up on the set  
Me jumpin' out 30 tho on my neck  
And since you said it was nothin' to sweat  
(What?)

That you was outta line so here's what you get  
A verbal ass kickin'  
Jesus Christ sent me to test ya  
Let's see how see how he act's under pressure  
Till Makaveli returns it's 'All Eyez On Me'  
Till the feds build up cases and find pie's on me

It's best you be a gentleman  
And you watch what you say  
(Bwahh bwahh bwahh, bwahh nigga take that)  
Or Jesus Christ can't save you  
Once you go gangsta, friend  
(Bo, bo, bo, it's gangsta)

It's gangsta, 2000 shit  
Y'all know what you need to do, get together  
Make a 'We Are The World record', faggot ass niggas
