diamonds on ma neck and wrist matchin that  
Black mask, black mag, brown bag  
drop down now or i'll shoot your black ass  
I'm a magnet to money, the paper is where I'm at  
They attracted to me, they treat me like Pimp C  
I'm a P-I-M-P yo chick just chose me  
I got so much swag, is that why you mad?  
Control your hate trick  
Nothing good to say don't say sh-t

From New York to LA through the Bay right
