[50 cent]Its more mental then physical
Its more then sexin we gotta connection
Be my angel and ill be your protection
If you grind when i grind when i shine i see to it you
shine
Im all ears tell me whats on your mind
If you feel like i feel its real if im gettin ahead of myself
tell me chill
But if you let me touch ya i could touch ya how you
need to be touched
Keep talkin to me gurl and im gon be the one that you
trust
Ill bring them candles bring them roses and them
boxes of candie
You bring them sorted flavored condoms and them
edible panties
Yea im street but im discreet baby ican keep a secret
You can show me what you hidin in them victoria
secrets
Gotta old soul so you know i listen to Marvin "Let's get it
on"
I take it off for you no problem you can call when you
need baby
And we can pass time on that cloud with the silver line
numer nine

[olivia][verse 1]
I was raised in a way wher the time was the day was
to play hard to get babe
But then it changed suddenly man you came and took
my breath away
I was caught in a vine at a time in the night where
my life wasnt right babe
But then again suddeny suddenly you came and i was
swept away

[bridge]Ooh like a bird i just fly 'cause im free
Free to laugh free to love free to be
No rain comes down on me
This is whats happenin

[chorus]La la la la la la la

Floatin all the time on cloud nine
La la la la la la la
High everynight from your light
La la la la la la la
Floatin all the time on cloud nine
La la la la la la

[olivia][verse 2]

Now this cant be a faze it runs threw my viens
So i cant get it out of me its so complete
Its makin me feel like im the only one that it is
So i dont care where we lay anytime of the day any way
it dont matter babe
This unexplainable feeling its so soul healing
And i want it all over me

[bridge]Ooh like abird i just fly 'cause im free
Free to laugh free to love free to be
No rain comes down on me
This is whats happenin

[chorus]La la la la la la la
Floatin all the time on cloud nine
La la la la la la la
High everynight from your light
La la la la la la la
Floatin all the time on cloud nine
La la la la la la

[olivia][verse 3]
I like to lay around in the sun spendin time
Sip on moses on a quite evenin night
Get away on a trip catch a flight
When yo say to me im the only one you need
I let you taste my body spot just to teeze
I wanna sing while you kiss all ova me
Ooo la la

[chorus]La la la la la la la
Floatin all the time on cloud nine
La la la la la la la
High everynight from your light
La la la la la la la
Floatin all the time on cloud nine
La la la la la la
