ok letz start from the little person from the book
you might say he is a crook
his name is lil tima
we chill wit him cause he a good rhyma

next we got weedy
he aint greedy
he'll kick ur ass fast
and you wont be the last

the next person we got is blackice
he good but he aint no obie trice
he mad kool
for sure he aint no fool

the last person we got is biggie dix
he'll kill you wit just a pair of stix
he plays fare
jus dont look and stare

now we jus named the Deadly Devilz
this aint no game
so there aint no levelz.
together were the best team
piss us off and we'll let out steem!
