(50 cent Talking)

Yeah nigga

Yeah we gona smoke this mother fucka

Right hear right

We gona smoke this shit

Then im gon drink a lot of water

So my P.O don't find out im smokin this shit

(50 cent)

Niggas wouldn't rob franky if they had the chance

Wasn't coz of him it was coz of his man lance

Now franky cut crack

Lance saw the macks

And if fiends fuck with franks crack

Lance cut the crack heads

He popped up

Thought he was locked up?

Came through stuntin with his wrist all rocked up

Should have seen the smile missin a tooth

Coop missin a roof

He like wat up fifty

Im like wat up wit u

Lance had a reputation that was well earned

Plus he tought niggas how the shells burn

Out there in red curn

At the dice game

He rolled a hand crack in the crack

Im like nahhh i aint payin for that

Us niggas shoot his back

Niggas lookin at me crazy they shook

I don't give a fuck wko he shoy out in red hood

Ask about bars bizzy was my mean

Then they beat me ten grand sold my mack for seven grand

Lance thirsty i can tell by his look

Coz he look the way i look when i look for a drug

Bitch mother fucker

Team work work hard nigga

Fifty cent tony yayo rotten apple nigga
