Nights like this, I wish,  
raindrops, would fall a all.  
Five heartbeats left  
one last deep breath,  
freeze 50 CENT!

I've got a sixteen shot Ruger and I got sixteen cars,  
All over how I write sixteen bars,  
Joe, Ja and Jada are fucking retards,  
I run Interscope ah ah oh my god  
Your stuff I'll make it hot  
You want I'll get ya shot  
(Gunshots over vocals) you'r coffin..You're dead men  
walkin',  
then when I am in London they say I'm so smart,  
I fire round the pounds I come up so hard,

[Chorus:]

I been around the world and I I I,  
must be going crazy,  
Cause am still down to get down and let off rounds,  
I'm loadin' up my 380  
I can't wait till I see death

Damn!  
Nights like this,  
I wish, (Bring it back)  
Raindrops, would fall a all  
five heartbeats left  
One last deep breath  
Freeze

I got a sixteen shot Ruger I got sixteen cars  
All over how I write sixteen bars  
Joe, Ja and Jada they're fuckin' retards  
I run Interscope ah ah oh my god!  
Your stuff I'll make it hot  
You want I'll get ya shot  
(Gunshots over vocals) your coffin'  
You're dead men walking  
Now when I'm out in London they say I'm so smart

I fired rounds from pounds I came up so hard

[Chorus:]

I've been around the world and I I I

Cause I'm still down to get down to let off rounds

Shotgun pellets out of snow white spur
