I promise to keep you close to me, you give me a sense
of security

Through drama you will be all I need

Straight up now, I need you to hold me down, hold me
down

I need you to hold me down, hold me down

I need you to hold me down

Through every altercation

I put no one above you, I love you

They shook up when we jooks 'em, you see how they be
lookin'

It's frightening like lightnin', you crack off, they start
bookin'

It's beef until I get out in broad day with my shit out

That's when they say I'm illin' and when she get to killin'

Now my baby she precious I warn you not to test this

I aim her at your head, nigga, motherfuck the vests

I'm antisocial, quit acting like you know me

Before I go postal, you know I gotta owe me

I'm ridin' with her ol' cocked Audi R8 drop

Feel the wind blow twist the indo, smoke it up, it's
fundamental

You can't get to her, poke 'em up

When we get intimate that's when I get into shit

She 32 I'm 34, I fuck her raw

She revolve 6 times then I feed her more

I promise to keep you close to me, you give me a sense
of security

Through drama you will be all I need

Straight up now, I need you to hold me down, hold me
down

I need you to hold me down, hold me down

I need you to hold me down

When niggas get to trippin'

I need you by my side, yeah, so they can't catch me
slippin'

I take you out shoppin', get you clean, get it poppin'
Use my finger, get ya hot girl, I know your spot

I love you if you love me back you never jam
When I react to sucka shit, when they get hit
And we take off if you get tossed
I'll be back, I want you so I'll be back

I'll never change, I be the same, a nigga stunt I let it
rain
I'm off the chain, I'm all in mayne
I'll hit you up you think I'm playin'
I be strapped, go 'head fuck around, I be strapped

24/7, I'm back holdin', mistake me for a chump
Bite off more than you can chew, more beef than you
want
Come through repeatedly, show you what bananas
about
I'm a mechanic, find out when the hammers come out

I promise to keep you close to me, you give me a sense
of security
Through drama you will be all I need
Straight up now, I need you to hold me down, hold me
down
I need you to hold me down, hold me down
I need you to hold me down
