Oh, you know we had to do it
Oh, you know we had to do it
Ha-ha
Hey, yo', Mary
I don't think they ready for this one

This is Phase 1
Love And Life

Oh, let's work
Oh, let's work {Let's work, people}
Oh, let's work {It's the reunion}
Oh, let's work {Let's work, people}
Oh, let's work {Mary J. Blige}
Oh, let's work {I see you came through}
{The Queen of Hip-Hop and Soul}
{They call me, Diddy}
{Bad Boy, baby}
{Mary, talk to them}

Boy, you know you got your hooks in me
You're on my mind every day constantly
I'm tired of holdin' back the way I feel
'Cause what I feel, baby, for you is real

You give me everything I want (Everything)
A little more than I'll ever need (A little more,
babe)
I never felt like this before (Ooh)
That's why I wanna give you all of me (I'm hooked)

I'm hooked, babe
On your love, you got me wondering
Sexy (Sexy, sexy, baby)
You're the one I want, you got your hooks in me

I won't sway
'Cause that's what's up, you got me in a daze (Got me
in a daze)
All I can say
Oh, you know got your hooks in me

Someone like me doesn't always fall in love
'Specially with dudes that I meet in the club
'Cause I ain't really into gettin' rough
But boy, I'm feeling you and that's what's up

You give me everything I want (Everything)
A little more than I'll ever need (A little more,
babe)
I never felt like this before (Ooh...hoo...)
That's why I wanna give you all of me (I'm hooked)

I'm hooked, babe (Hooked, hooked)
On your love, you got me wondering (On your love,
babe)
Sexy (Hey, hey, hey, hey)
You're the one I want, you got your hooks in me

I won't sway (Won't sway, baby)
'Cause that's what's up, you got me in a daze (Ooh,
baby, baby, baby)

All I can say
Oh, you know got your hooks in me (That's what you got
to do)

Baby, I'm so into you (I'm so into you, boy)
No one can do what you do to me (No one can hold me
this way)
This is a chance of a lifetime (I won't miss it for
nothin')
For me, make you mine till the end of all time

I'm hooked, babe
On your love, you got me wondering
Sexy
You're the one I want, you got your hooks in me

I won't sway
'Cause that's what's up, you got me in a daze
All I can say
Oh, you know got your hooks in me

I'm hooked, babe
On your love, you got me wondering
Sexy
You're the one I want, you got your hooks in me

I won't sway
'Cause that's what's up, you got me in a daze
All I can say
Oh, you know got your hooks in me

Mama, shake that thang
You know I like it when you shake that thang
The way you shake it, girl, you show no shame
Stop playing, girl, shake that thang

Now let's work
Ooh, let's work
Ooh, let's work
Ooh, let's work
Ooh, let's work {Let's work, people}
Ooh, let's work
Ooh, let's work
Ooh, let's work
Ooh, let's work
Ooh, let's work
