[Intro]

It's 50 n*gga
I'm just gonna remind you
(I just wanna) you shoe shining ass n*ggas
If it wasn't for me
You n*ggas would be in the train station shining shoes
Now you n*ggas rap
Wanna hand a n*gga a mixtape
I'm why you're handing a n*gga a mixtape
You punk ass n*gga
Don't give me your motherf*cking tape n*gga

[Hook: Robbie Nova]

I could take you to dinner girl but I ain't gonna lie
I just wanna f*ck you baby
Go to a movie girl
But I ain't gonna lie, I just wanna f*ck you girl
Said I could take you shopping girl, but I ain't gonna lie
I just wanna f*ck you baby
Oh I could fill your head up girl but I ain't gonna lie
I just wanna f*ck you girl

[Verse 1]

N*gga really wanna get to know you girl
So many things I wanna show you girl
Succeed then I guess I owe you girl
Louis Vuittons movin' on
For the sun comes up and the top comes down
Find out what the white Rolls Royce about
Why the white Air's on extra clean
Like James Brown a n*gga do it like a sex machine
Got a Hot Wheel fetish I pull up in some mean sh*t
Sex, drugs, rock'n'roll, Charlie Sheen b*tch
See me suited and booted on my Obama sh*t
Money ain't no telling how much I'ma get
I spit bars had the hood in a frenzy
F*ck around take a chain like Lindsay
Paparazzi taking pictures of my Fendi
Catch me in Prada or maybe Escada
It's just another beautiful day in LA
And I'm in New York, a professional sh*t talker
Uh huh, I see n*ggas is stressing

And I'm straight, so I'm guessing
I'm above the recession

[Hook: Robbie Nova]

I could take you to dinner girl but I ain't gonna lie
I just wanna f*ck you baby
Go to a movie girl
But I ain't gonna lie, I just wanna f*ck you girl
Said I could take you shopping girl, but I ain't gonna lie
I just wanna f*ck you baby
Oh I could fill your head up girl but I ain't gonna lie
I just wanna f*ck you girl

[Verse 2]

It take just a little bit of my conversation when I talk
To make it clear for shawty I'm that n*gga in New York
Shawty now lay down, put your head back
I put your legs back, stroke and move your bed back
When we get to those back shots, shawty throw it back
When you back it up at me I like that
Let me guess I turn you on, I turn you on I bet
We just getting started and everything's soaking wet
This pussy good she ain't worry about the rent this
month
This pussy must have went and bought this b*tch that
Benz out front
For me it's nothing I'm just f*cking for the f*ck of it
But shawty acting like what we just did some other sh*t
It can't be it, it could be, okay maybe she's a good girl
Attracted to me and things from my world
Temptations are great
When tennis bracelets that were eight carats are ten
times eight

[Hook: Robbie Nova]

I could take you to dinner girl but I ain't gonna lie
I just wanna f*ck you baby
Go to a movie girl
But I ain't gonna lie, I just wanna f*ck you girl
Said I could take you shopping girl, but I ain't gonna lie
I just wanna f*ck you baby
Oh I could fill your head up girl but I ain't gonna lie
I just wanna f*ck you girl
