First time I hit it was a one night stand
Second time and third time now that wasn't planned
Fourth time and fifth time man I was in a jam
But if I aint fuck with her I hafta do it with my hand
50

Ima make ya love this love this love this
50
I say ima make ya love this love this
Now she had sexy thick thighs
Pretty brown eyes
Iccocent seen the look on her face when she told lies
Told her man she was with her girlfriend when I was wit
her
Had a grin from ear ta ear dawg after I hit her
She the type that use her tongue for more than tongue
kissin
Real freak man we did it in like 8 positions
When the fire works went off in other words I nut
Little man went down she got him right back up
For real dawg she was far from those lazy hoes I know
Got on top and rode dick like she was doin tae-bo
And 1, 2, 3, 4-
Daddy ya had enough
Nah
Gimme some more
Started out on the bed,ended up on the floor
Met her in DC on a Nastradamous tour
Spent a little time wit her in the coupe chillin
She lookin in my eyes, hope she aint catchin a feelin
I don't wantcha to love me
I wanna fuck and just be friends
It feels good when u hug me
But I got a girl and u got a man
I don't wantcha to love me
I wanna fuck and just be friends
It feels good when u hug me
But I gotta girl and u gotta man
Next step I had my head between her legs gummin
I said tell me when u get there
She screamin IM CUMMIN

You know the routine-
Get dat, hit that, sit back
If the pussy good we can chit chat
If it's whack I aint gon call the bitch back
Thinking im a trick and not hate
U can forget that

Shorty u got a man
U perfect for me
Head game the bomb
Its worf it for me

You in a relationship
Im in a relationship
That don't mean we can't have relations- Shiiit
See me in the hood~
It's enough, you aint gotta give me a
hug
Just call me when ya want show me some love
I don't wantcha to love me
I wanna fuck and just be friends
It feels good when u hug me
But I got a girl and u got a man
I don't wantcha ta love me
I wanna fuck and just be friends
It feels good when u hug me
But I gotta girl and u gotta man
