

50 Cent "Look Out"

Visit "[Look Out](#)" on MotoLyrics.com

(feat. Mobb Deep)

[Chorus: 50 Cent]

yeah.

(look out)

I'm sitting on some chains

Big things, big diamond rings

MOP, man you know what we 'bout

So if you wanna roll, baby come on and roll

And if not, bitch please (look out)

I tear you from the rip, see me I'm 'bout to grip

to find things that's what I'm about

So if you wanna roll, baby come on and roll

And if not, bitch please (look out)

[Havoc:]

Shawty I got some thangs

but do you got some thangs too?

Pretend the table is you, able what I'm talkin' bout

and if i caught a case would you be on the case

you couldn't handle plays, bitch (look out)

you know Havoc, a bundled paper stuffed inside, nigga

to built me a mini mansion the size of an octopus

and the crib sittin' on stilts, take off the Stilettos

get me to hug you from the cold, the ife and the pizzle

I hit it up on wedge you, my schedule just won't permit

it

I visit the gangsta town, but enough is commited

Might see me with another, don't go start trippin'

you my classic edition, one I got runnin' my kitchens

See it's about the pop and when it finally pop

would you complain, or just shut your mouth

oh yeah it's gon' pop so baby play your part

and get a cup of jealousy bitch

[Chorus]

[Prodigy:]

My money ain't nothin', Jada you ain't fuckin'

See that's the fine print you need to understand, cousin

See I was sure he'd die for having game I

A tape rollin' for 50, cause he the boss I

can't front, its gon' take some time to get used to
all this cash, yeah it's feelin' beautiful
the ladies on the key, they let a nigga live
Get ready for the rip session at the Sheridan
I got her smokin' weed, I got her drinkin' vin
Say, Nas yes you don't do none of that there
I turn your woman out, then I turn around and drop em
off like 'good'.

Man we done stepped it up and we done found a home
for all this gangsta shit, for all this fuckin' dope
man this is my dream, this is how it's supposed to be
shawty climb aboard, if not (look out)
