They can't keep a good man down
Always keep a smile when they want me to frown
Keep the vibes and I stood my grounds
They will never ever take my crown,
They will never ever take my crown,
They will never ever take my crown,
I'm still the shit I'm rich already
Fuck around will be reading your obituary
My whip clean, my watch gleam
9 karats hoe, that's what I call a pinky ring
Don't even trick, my heart cold
I'm round the globe, I'm all parole
I ball hard, I go hard
They say I'm grimey, up to no good
Oh god
Shawty work that, when she twerk that
She a canna, she damn close to perfect
I'm like wont stunt, throw a hundred racks
Give my man strapped, he gonn get my money back
I'm ghetto right, I'm super hood
I'm shitting on these niggas like they knew I would
I'm ghetto right, I'm super hood
I'm shitting on these niggas like they knew I would
Who Jah bless I say no man curse
things get better when they thought it would be worst
Here comes the officer asking for ah search
They found no weapons just only a draw first
They found no weapons just only a draw first
They found no weapons just only a draw first
Gram after gram, time after time
I got the grind
I can't help it, I gotta shine
I do it big, you stupid big
I could fit like half the projects in my crib
You stick around, I'm outta here
You on the ground, I'm in the lear
I love yachts, banana boats
Either way, come a nigga gotta get the dough
They done made me mad, now I'm in my bad
And I'm back with the strap catch a case be the
case rich nigga swag
Every step I take, every lil ity bity move I make

Turn the big bags a birthday cake
I can even fit this shit in my safe
W-W-Wait!
Got more money coming, try not to hate
Why you think a nigga in and out a state?
Iâ€™m a pro, Iâ€™m low when I operate
I get the bread, I blow the bread
Iâ€™m flashy, Iâ€™m shiny
I get the bread, I blow the bread
And my bitches, and my diamonds
Who Jah bless I say no man curse
things get better when they thought it would be worst
Here comes the officer asking for ah search
They found no weapons just only a draw first
They found no weapons just only a draw first
They found no weapons just only a draw first.
