[Chorus:]

Pray and pray and pray for my downfall  
Pray and pray and pray for my downfall  
Pray and pray and pray for my downfall  
Pray and pray and pray for my downfall

[Verse 1:]

Menace, scene from the movie, clap the two, weigh the  
oozie  
Goodfella jewelry heist, diamonds in my bitch doobie  
I sit back, think about the cats, they hate man I laugh at  
them  
Get outta line I blast at them  
They stay scheming, fuck around let off a clip and  
leave the whip leaning  
They dreaming, I took the cream and  
Move to new places, new faces  
Fuck the screw faces, shit  
Cause when I flip I make the paper  
Dangerous, G-Unit, niggas can't bang with us  
It's undeniable the kid is nice  
The flow CPR, I'll bring Biggie back to life  
Man, Dre say I'm loony, Em say I'm moody, at least I  
don't smoke oolies  
And fuck without rubbers  
A handful of niggas hate, but the hood love us  
You can pray for my downfall motherfuckers

[Chorus:]

Pray and pray and pray for my downfall  
Pray and pray and pray for my downfall  
Pray and pray and pray for my downfall  
Pray and pray and pray for my downfall  
Pray and pray and pray for my downfall  
Pray and pray and pray for my downfall  
Pray and pray and pray for my downfall  
Pray and pray and pray for my downfall  
Pray and pray and pray for my downfall

[Verse 2:]

Even if I slip, I'll get back, nigga act up  
Hollowtips'll tear your back up  
Gain 30 pounds when you die, no lie

I was high when they hit me  
Had a few gats with me, shit  
Ain't get a chance to let off  
They shot me up and sped off  
Apologies in order, Tamia I adore her  
But now they strict cause my flow make money flow like  
water  
Turn it up a notch, twist the dutch, zone to this, soak it  
up  
See me in the club son I'll send niggas to poke you up  
You know my style 40 cal. with me when I move around  
Squeeze, catch the shell and run before your ass hit  
the ground  
Pussy niggas shouldn't talk, keep my name out your  
mouth  
Summerjam, understand, I'm the man, when I leave the  
crowd leave  
Shook closer, game over  
Ride or get rolled over

[Chorus:]

Pray and pray and pray for my downfall  
Pray and pray and pray for my downfall  
Pray and pray and pray for my downfall  
Pray and pray and pray for my downfall  
Pray and pray and pray for my downfall  
Pray and pray and pray for my downfall  
Pray and pray and pray for my downfall  
Pray and pray and pray for my downfall
