(chorus)

Its a natural progression first you cut a nigga than you  
gun butt a nigga then you pull the trigga put that work  
in put that work in make it hot or die down do that shit  
again.

You know aunt killed my dog and never said sorry  
Niggas broke in my crib and they stole my atari  
Man niggas coulda asked I woulda let em hold a  
cartridge  
I wasn't fuckin wit nobody see how niggas start shit  
Startin sellin crack I coulda been tiger woods but they  
ain't got no fuckin golf courses in the hood  
I said I'm sellin dope I don't regret shit  
I'm sellin dope nigga that good shit

I was supposed to be a A student a valedictorian  
Instead I'm in special Ed tryna fuck?  
They didn't like my style they said they didn't like my  
style  
Them same bitches want me now  
In came the cash out with the cocaine  
Virgin Mary medallion hangin off my rope chain  
Four finga ring nigga doin his thing  
You get a couple bitches after you get the bling
