When it comes to the bricks I cook better than your

And that's your baby mama I see her with a lil' uzi
I'm in the piece you wipe me down like I'm Lil' Boosie
(Wipe me down!)
I'm a lil' woozy, I'm higher than heaven

[Verse 4: Lloyd Banks]

We went from run down sneakers to runnin the state
I can't die (Nah!) I got too much money to make
You got plans, then you know where I'm comin from,
my stomach numb
(Yeah) I got 99 Problems you want 'em son? (Hah?)
99 enemies, don't be the hundredth one
I'll become a corpse before I become a bum (Bum!)
Life's short, feel good under the summer sun
Down here, you got two options get a gun or run
My first car was a spaceship, no hoopty
Champ hoodie and boots, no Gucci
Yayo introduced me, Fifth scooped me
The floor couped me now you gotta shoot me

[Outro: 50 Cent]

I be's the boss of this shit right here! I said the noss
nigga you hear me!

The B-O-S-S-M-A-N! And nigga what!
Thought so! I'm the George Bush of this shit!
I'm not goin to war, but I'll send niggas to war
But I will sit here, and veto every motherfuckin act that
comes through here you know!?
I'm thinkin you know what I'm sayin!
We went from 50 Cent, to Fiddy, to Curtis, to Ferrari F50
Now I got a few aliases you know what I'm sayin
I'm thinkin next, I'll be Sam you know, Uncle Sam
I'm a tax everyone of these motherfuckers that come
through here!
Now thr music, we need a little piece of that
Everything that comes through you understand what
I'm sayin
It's The Unit! Yeah!
