[50 Cent]

Yeah... 50 Cent, uh-huh

Governor, G-G-G-G-G-Unit~!

She ain't that chick from the burbs that's a stranger to
drama

She that Uptown Girl with the cock at the sauna
Went out her way to let her know that I want her
I told her I - know fo' sho' we belong together
And I wouldn't break her heart, my intentions are better
And I, shared the same dreams she had about cheddar
When the D's came she was down to hold the Beretta
I got a thing for baby girls, me and her against the
world

[Governor - singing]

We used to think the same schemes, with the same
dreams in mind
I'll bring you back 20 if the crook is on time
And she knows daddy loves to eat
Take a seat and let my baby rub my feet
She was a clear thinker, with a plan to rule the world
But understandin' her place is my girl
Talk about hardcore, to win she'd give her life
Or shoot to kill, to protect this life

[Chorus: Governor]

The world will hear, what's really goin on, in my life -
my life
The world will see, what was really down down, in my
life - my life
If you only knew, the pain I feel; if you only could feel
the streets is real

If they only knewwwwww, what's goin onnnnnnn,
yeah~!

[50 Cent]

You're sunshine, your smile make my day
It's simple - your dimple your eyes

Your lips, your thighs, got me hypnotized
Communication's deep, I love it when we talk
Hate it when you leave but when you leave I love to
watch you walk
You make a nigga forget about a life full of drama
She got expensive taste, she get it from her momma
Materialistic; still a nigga want her
Consistently missin' her touch when she gone, uhh
She smell like Chanel, she feelin' me and I can tell
With the right woman by my side I feel like I can't fail
I've been around been up and down my attitude is
fuckin ass
She a rider, I'm in heaven when I'm inside her
Workin' up a sweat, kissin' on her neck, "12 Play" in the
deck
Fo'play correct, have her drippin' wet
She looked in my eyes and say she like it but I know she
love it
I just keep doin' what I'm doin' and think nuttin' of it

[Chorus] w/ ad-libs

{*abruptly ends halfway during the last line of the
Chorus*}
"STOP!!!"
