(Chorus)

I... I... I... I got lots of love, for my crew that is  
I... I... I... I got lots of love, for my crew that is  
I... I... I... I got lots of love, for my... for my... for my crew  
that is

(Verse 1)

Dilated... Let 'em know young buck in the game.  
Started off hard-headed, stuck in my ways.  
But things changed, and days turned to nights,  
And nights are cold if your people ain't right.  
My squad is straight, split up the cake in three ways,  
My partners down, I'm feelin' the pain,  
And when we up, you'll find us out tryin' to live,  
I got lots of love, for my crew that is

Old soul in the game.

I grew up stressed out, tryin to hold in the pain,  
But kept my mind right, sketched the highlights,  
I enjoy life, but fight for my rights.  
And you're right to fight for yours,  
I fight through four toungues, despite the sowards,  
For days of thunder, for nights of tours  
Let's go... fight the illness that fights the cures.

(Chorus 2)

I... I... I... I got lots of love, for my crew that is  
I... I... I... I got lots of love, for my crew that is  
For my crew... For my crew that is  
I... I... I... I got lots of love, for my crew that is

(Verse 2)

Dilated... For the love of God.  
For the love of cats scramblin' to beat the odds.  
Hustlin' and duckin' in between the laws,  
For the love of my family, these streets are ours!  
For DJ's rippin' these beats appart,  
We puff herb and spread love like Peter Tar.  
It's magic, classic, we proved that shit.  
I got lots of love, for my crew that is.

I'd rather swallow blood than pride,

Between love and war is a thin line,  
It's a dangerous time.  
You better go for yours, cuz I'm goin' for mine,  
I'm 'bout to chip in, no doubt, before I leave the grind.  
Until this, this plots how we gon' win,  
And how we turn these buds over to our next of kin.  
And how we gunna stay focused to beat the game,  
And how we gunna see you if you stop the fame?

(Chorus 1 and 2 with variations till' fade)
