[Hook:]

You betta watch yo back, muthafuckas is grimey down here  
You get stuck up, stabbed, shot the fuck up round here  
Son I move wit my vest and my hammer, I don't care  
Niggas try and front on me and I'm blastin em right here  
You betta watch yo back, niggas be on dat bullshit down here  
So I gotta move round wit a full clip round here  
Lil sneaky mufuckas will pull shit round here  
Next thing you know you wakin up...

[50 cent:]

When I say I'll lay a nigga down I put that on my  
momma  
Niggas gonna see it's real when we get in the drama  
I ain't fightin wit these faggots ima back out the lamma  
And start lettin off until niggas is no longer problems  
I watch the blood seep in the street, I'm swift wit the  
heat  
I hit a nigga quick, Know why? niggas hit me  
They call me 50 my aka is two gun Charlie  
Find me up at 4 in the mornin to catch me a body  
Waitin for you in yo projects by your staircase door  
Come out! Come out! pussy you can't hide from a war  
I get impatient then I'm bringin it to yo people, I ring the  
doorbell then I'm putin one through your peephole  
Boy it's a no,no to fuck wit me cuz i'm not your equal,  
they say i'm loco, the pump will make your fuckin chest  
see-through  
But on the low though I'll show you how them hollow  
tips eat through, your legs, your back, your head and  
your hat

[Tony Yayo:]

When I'm gunnin at yo ass wit the chrome kid you runnin outta town like a boost mobil phone  
Yea the tech jam but it really don't shoot bad, I'll turn yo head into a fishnet doorag  
I got bricks of that raw sittin in that rice mayn and a long fo'fo when I'm at da dice game  
You won't catch me slippin when I'm hittin them licks, I roll 4,5,6 wit my hand on my shit
