Without Meat vol. 2

[Obie Trice]

"Obie Trice, Real Meat No Gimmicks..."

[Fleminem]

Two trailer park beefs go round the outside,  
round the outside, round the outside.

Two trailer park beefs go round the outside,  
round the outside, round the outside.

[Female Voice]

"Oooooohhhh!"

[Fleminem]

Guess what's back, back again

Meat is back, tell some men

Guess what's back, guess what's back,

guess what's back, guess what's back,

guess what's back, guess what's back,

Guess who's back...

I've created a new meat, cuz nobody wants to

See turkey no more they want Ham

I'm chopped liver

Well if you want Ham, then this is what I'll give ya

A little bit of pee mixed with some hard liquor

Some vodka that will jumpstart my heart quicker

Then a shock when I get shocked at the hospital

By the Dr. when I'm not cooperating

When I'm eating the table while he's operating "Hey"

You waited this long to stop debating

Cuz I'm back, I'm on the rag and ovulating

I know that you got a job Ms. Chaney

But your husband's are problems is complicating

So the Meat Company won't let me be

Yo let me be me so let me see

They tried to shut me down on Bake TV

But it feels so empty without meat

So c'mon man put me in ya fridge , bum on your lips

jump back, jiggle her lip and wiggle a bit

And get ready cuz this lunch it's about to get heavy

I just settled all my love and , fudge on Debbie!"

Now this looks like a Lunch for me  
So everybody just let me  
Cuz we need a little pork & beef,  
Cuz it feels so empty without meat

I said this looks like a job for me  
So everybody just follow me  
Cuz we need a little pork & beef,  
Cuz it feels so empty without meat

Little aliens, kids feeling rebellious  
Embarrassed, their parents still listen to Elvis  
They start feeling like prison is helpless,  
Til someone comes along on a mission and yells "Rich"  
A visionary, vision is I'm Scaredy , could start a  
revolution,  
Pollutin' the air waids a rebel  
So let me just revel and bask,  
In the fact that I got everyone eating my meat  
And it's a disaster such a catastrophe  
For you to eat so darn much of my meat you eat for  
me?  
Well I'm back (\*Batman Noise\*) fix your bent antenna  
Tune it in and then I'm gonna enter  
Into the front of your skin like a splinter  
The center of attention back for the meeting  
I'm interesting, the best thing since wrestling  
Infesting in your kids ears and nesting  
Testing "Attention Please"  
Feel the tension soon as soon someone mentions me  
Here's my 5 cents, my 7 cents is free  
A nuisance, who sent, you sent for me?

Now this looks like a lunch for me  
So everybody just let me eat  
Cuz we need a little pork & beef,  
Cuz it feels so empty without meat

I said this looks like a lunch for me  
So everybody just let me eat  
Cuz we need a little pork & beef ,  
Cuz it feels so empty without meat

A tisk-it a task-it,  
I go tit for tat with anybody who's lightin' this & that lit  
Ms. kapatrick, you can get your meat stole  
Worse than them little imp Limp CABizkits  
And Obie, you can get stun by Obie,  
You 36 year old bald headed scared to know me  
You don't know me, you're too old

Let go, it's over, nobody listens to techno  
Now lets go, just give me the signal  
I will be there with a whole list full of new insults  
I've been dope, suspenseful with a pencil  
Ever since He turned himself into a simple  
But sometimes (\*wow\*) it just seems,  
Everybody only wants to discuss me  
So this must meat I'm disgusting,  
But its just me I'm just o up scene  
Though I'm not the first thing of controversy  
I am the worst thing since Elvis Presley,  
To do Black Music so selflessly  
And use it to get myself worthy (\*Hey\*)  
There's a concept that works  
20 zillion other white rappers emerge  
But no matter how many fish in the fridge  
It'll be so empty without meat

Now this looks like a lunch for me  
So everybody just let me eat  
Cuz we need a little pork & beef ,  
Cuz it feels so empty without meat

I said this looks like a lunch for me  
So everybody just let me eat  
Cuz we need a little pork & beef ,  
Cuz it feels so empty without meat

Hum dei la la la, la la la la la, la la la la la, la la la la
