She is a soldier and a fighter
On the front lines of a war
Caught in the shrapnel and the battle
Kneeling down on her bedroom floor
Standing between you and the fallout
She will not give up this ground
Oh no, you know she will never back down

Cause somewhere right now
Someone is fighting for you
They're crying out
Won't stop until they breakthrough
You see an unassuming ordinary simple soul
And you'd never know
Somewhere right now you've got a hero

Have you ever been there when the darkness almost
closes in?
Then all of the sudden there's a moment
When the light comes breaking in
And out of the shadows comes a warrior
With the faith to overcome
And you lift your eyes
To where your help comes from

Somewhere right now
Someone is fighting for you
They're crying out
Won't stop until they breakthrough
You see an unassuming ordinary simple soul
And you'd never know
Somewhere right now you've got a hero

When you feel alone and think nobody cares
Just know that you are always in my prayers

Somewhere right now
Someone is fighting for you
They're crying out
Won't stop until they breakthrough
You see an unassuming ordinary simple soul

And you'd never know
Somewhere right now you've got a hero
