You've got blood on your hands,
You've turned away and the guilt is flowing through
your veins.
Burned by deceit, your hollow king will meet his end.

Meet your end.
Your king will meet his end.

I will not wait for the flame to consume me,
I won't let hate flow through these bones.

I never thought I'd end up like this,
Where I'd be meeting you in the end,
Staring face to face and eye to eye
With the one who took everything.

Silence has taken over me,
My words are lost and I'm giving in.

Faithless, this is the price that you pay.

You're the king of your own destruction, now you're
caught in my web.
Your God can't hear your cries, like he ever did.

You ventured out to save the one you love.
You should have known, this is the price that you pay.

I never that it would end up like this,
Where I'd be trapped inside this maze.
Staring face to face and eye to eye,
With the man who abandoned everything.

Silence has taken over me,
My words are lost and I'm giving in.
Silence has taken over me,
My words are lost and I'm giving in.

This is the sound of the end.
This is the sound of the end.
