Minute by minute
I'm making my way to you
Every minute, it's you I'm a closer to
Ain't no worry cause the time's my friend
I'll get you in the end
Oho, till I get to you
Here I come baby

Second by second,
I'm checking my direction, oho
Every second time and on my time's my on
There's no need to check my watch
Cause time is all I got, ooo, oho
Till I get to you
Here I come baby
Baby hear the clock change
Oho, baby right on time
I said I don't need to check my watch

Cause time is all I got
Oho, till I get to you
Here I come baby

Minute by minute by minute by minute, goes by
I don't wanna waste no more
Let me tell you why
Oho, I got my whole that I can spend
I want it all to begin at the end, the end, the end of it
Oho, I said now here I come baby
Baby hear the clock change
Oho, baby right on time
You know I got my whole that I can spend
I want it all to begin at the end, the end, the end of it.
