Verse 1:

Out on a dancefloor
With the prettiest girl
And youâ€™ve been scopinâ€™ out her all night
One dance leads to two
And two leads to three
And you are startinâ€™ to think
That this was meant to be

Chorus 1:

When youâ€™re lost in a love song
You're two-steppin across the floor
When youâ€™re lost in a love song
You're thinkin' bout that moment and nothin' more
Makes a hard week good
Heals a broken heart
Puts a smile on your face
And youâ€™re shininâ€™ like a star
And this is all you were lookin' for
When youâ€™re lost in a love song

Verse 2:

Ridinâ€™ round killin' time
On some back country roads
The radio's on
And the pipes are loud
Then a song comes on
You know all about
And it takes you back to that moment

Chorus 2:

And then youâ€™re lost in a love song
When youâ€™re ridin' in your pickup truck
Youâ€™re lost in a love song
When you canâ€™t even see the road
Makes a hard week good
Heals a broken heart

Puts a smile on your face
When you thought it never could
This is all you were lookin' for
You were lost in a love song

Chorus 3 / Breakdown

When youâ€™re lost in a love song
Youâ€™re two steppin across the floor
When youâ€™re lost in a love song
You canâ€™t even see the road
Make a hard week good
Heals a broken heart
Puts a smile on your face
When you thought it never could
Somehow, somehow
You got lost in a love song

And you just wanna hear it again
Cause you got so lost
So lost
So lost
In a love song
