Verse

I see him walking down the street with a girl
I wish that I was the girl in his world.
I see their laughter and I see them having fun
But I'm the one you're looking for I'm the one.

Pre-chorus

The way he walks, the way he talks, the way he smile
I can't seem to get him out of my mind.
Oh baby won't you come and talk to me
I'll make you see that I'm the one that you need.

Chorus

Oh won't you look my way, I'm the one you're looking
for baby
And if I get you in my arms I'll make you stay,
make you never wanna walk away.

Verse

Now at the party scene I see you standing alone
And I take the courage to walk up to you, oooh.
And I say baby won't you please dance with me
He takes my hand and leads me to the dance floor
slowly.

Then we dance the night away you and me
And I look at you, and you're looking at me
And you say baby "where you've been all my life?
I've been on a search for you and see what I find.

Pre-Chorus

The way he walks, the way he talks, the way he smile
I can't seem to get him out of my mind.
Oh baby please won't you talk to me
I'll make you see that I'm the one that you need.

Chorus

Oh won't you look my way
I'm the one you're looking for baby
And if I get you in my arms I'll make you stay
Make you never wanna walk away x2

I'm gonna make you mine baby
Make you never wanna walk away
You better watch out, I'm gonna get you someday
Just wait and see, I will make you stay with me
Make you see that you belong to me,
