Can you hear how it goes?
Can you feel how it flows?
It runs through our veins,
Through fingers, through nails

And I thought pills would bring it out
And I thought love would bring it out
I figured it still had to be somewhere inside of me,
Or up there, in the empty place where God once used
to stand

Stay away, my lovely prey
I can't be myself today
I don't want to lie to your green eyes no more
Stay away, my lovely sin
I'm too broken to be seen
Or stay and tell me that I am
Beautiful and broken

Painful delights
Under black lamps with black lights
Today the straight line is avoiding the point
Please stop

And I thought pills would bring it out
And I thought love would bring it out

Stay away, my lovely prey
I can't be myself today
I don't want to lie to your blue eyes no more
Stay away, my lovely sin
I'm too broken to be seen
Or stay and tell me that I am
Beautiful and broken

We're just looking for it,
Look for it inside of me
Press the button, please
I just want to be happy
Too many memories
In this Museum of Wishes

Please, please, please

Stay away, my lovely prey
I can't be myself today
I don't want to lie to your brown eyes no more
Stay away, my lovely sin
I'm too broken to be seen

Will you be the first to tell me
That I'm beautiful and broken?
