[Chorus]

If I gave you all my love would you give it back some  
day?  
(I will, I will)  
What if I gave you everything would things change?  
(No way, No way)  
What if I slipped up and lost hold, promise to never let  
me go?  
I would never ever let you leave my side  
(No way, No way)

[Verse 1]

Well hey girl we've been rolling for a long time  
You've got the love and damn you're looking so fine  
I'm pretty sure that you're one of the ones  
But I'm so scared of the future that comes  
Because it's all turns on this open road  
And we're far too young to be growing old  
So before we think way far ahead  
We'll stay close knowing we just met

[Prechorus: repeat 2X]

But I won't say that we will beat the odds  
And I don't say that we are what were not  
what I will say, is this thing that we got is all love

[Chorus]

If I gave you all my love would you give it back some  
day?  
(I will, I will)  
What if I gave you everything would things change?  
(No way, No way)  
What if I slipped up and lost hold, promise to never let  
me go?  
I would never ever let you leave my side  
(No way, No way)

[Verse 2]

Feels real how could this be fake?  
We'll speed up and forget the breaks  
Windows rolled down the sun and wind is blowing our  
hair  
No directions but we're getting there  
And you smoke too, so we're puffing away  
All blue skies such a perfect day  
Just another warm sunlit afternoon  
A few drinks to forget what we're doing

[Prechorus: repeat 2X]

But I won't say that we will beat the odds  
And I don't say that we are what were not  
what I will say, is this thing that we got is all love

[Chorus]

What If I gave you all my love would you give it back  
some day?  
(I will, I will)  
What if I gave you everything would things change?  
(No way, No way)  
What if I slipped up and lost hold, promise to never let  
me go?  
I would never ever let you leave my side  
(No way, No way) 4X
