[Intro]

I got too drunk again and forgot to call
But I'm trying girl, yeah I'm trying

I got high and didn't text you at all
I'm not lying girl, I'm not lying

When I told you that you were all mine
So don't fight it girl, now don't fight it

I stay up all night and you don't mind
I can't hide it girl, I can't hide it

[Chorus]

But I'm trying, trying
You know I'm trying girl
Yeah I'm trying, trying
You got me trying
Yeah I'm trying, trying
You got me trying girl
Yeah I'm trying, trying
You got me trying
Yeah I'm trying, trying
Yeah I'm trying, trying

[Verse1]

4,5,6 chicks I counted last summer
And the funny thing is I can't remember one number
Don't remember one name can't remember one face
But I'm trying girl just to put 'em all in place

I'm looking for a girl that can keep up with my pace
Who can bring me down to earth when I'm off in outer
space
Yeah she gotta have some curves and she gotta have
that waist
And she gotta like Mary yeah she gotta have the taste

And if it isn't you girl than I don't mean to hate
But if it isn't true girl no need to force fate
Cuz the girls in the bar are always giving long looks
And If I see it in the cards I'ma put it in the books

[Chorus]

But I'm trying, trying
You got me trying girl
Yeah I'm trying, trying
You got me trying

[Verse 2]

8,9,10 drinks I had before I got here
And with my eyes closed just thought I'd let my car
steer
And when my eyes rolled man I couldn't see a bar near
I wake up at your house again, "Damn girl, come here!"

You ain't my only one, you think I'm the only one
Who ever came and passed out, I guess I owe you one
But when your by my side this ride it ain't so
troublesome
It's ocean afternoons, no shoes, just sipping coke and
rum

But when I'm out at night, yo its a different scene
I start thinking what it'd be like with me in between
A new girls legs, or a new girls bed
Wake up in the morning will you still be running through
my head?

Damn, I'm fucking up again
Just got a girls number and she's asking me when
I'll be coming over but its over too soon
I can't remember shit but I still remember you

[Chorus: repeat 2X]

But I'm trying, trying
You know I'm trying girl
Yeah I'm trying, trying
You got me trying
Yeah I'm trying, trying
You got me trying girl
Yeah I'm trying, trying
You got me trying
Yeah I'm trying, trying
Yeah I'm trying, trying
