[Verse 1]

Click, her eyes catch on mine
Been staring for a while just a matter of time
As lights flash, and smoke rise
Bass so big you can feel it inside like

[Prechorus]

Boom boom, boom boom
Girl I wanna get close to you
She snuck up behind me began to cut loose

[Chorus: JT & Taylor Fath]

She said "Boy lets just keep it in the dancehall.
Why don't we keep it in the dancehall, boy?
We'll dance all night and never slow down
Make love on the floor yeah let's let it all out
Just like its you and me ain't nobody else around
You'll kiss on my neck as the bass drum pound
But lets just keep it on the dancefloor."

[Verse 2]

Yeah, now when I come around town
She always call my number no she never back down
She got the tightest body make my head spin round,
round
Smoother than a wave when she pulls me back down

[Prechorus]

Ah, she knows just how to do it
Plans to the wind I don't care what I'm doing
I don't give a damn long as bass keeps moving

[Chorus: JT & Taylor Faith]

She said "Boy lets just keep it in the dancehall.
Why don't we keep it in the dancehall, boy?"

We'll dance all night and never slow down
Make love on the floor yeah let's let it all out
Just like its you and me ain't nobody else around
You'll kiss on my neck as the bass drum pound
But lets just keep it on the dancefloor."

[Bridge: repeat 2X]

But lets just keep in on the dancefloor

[Chorus: JT & Taylor Faith repeat 2X]

She said "Boy lets just keep it in the dancehall.
Why don't we keep it in the dancehall, boy?
We'll dance all night and never slow down
Make love on the floor yeah let's let it all out
Just like its you and me ain't nobody else around
You'll kiss on my neck as the bass drum pound
But lets just keep it on the dancefloor."
