I don't know where to begin  
I don't know how to get out there to see you  
I don't know where to dig in  
I don't know how to get in there... to feel you

It's been too long and I'm about to be in time for me  
It's been too long and I'm in time

Baby there's something about you that  
I can hold on to  
I'm going to hold on to that  
Baby there's something about you that  
I can hold on to  
I'm going to hold on to that

I never thought I would win  
I never thought much about that  
(It's been a long time coming)  
I never stopped to begin  
Thinking about the process  
(It's been a long time coming)

It's been too long and I'm about to be in time for me  
It's been too long and I'm in time

Baby there's something about you that  
I can hold on to  
I'm going to hold on to that  
Baby there's something about you that  
I can hold on to  
I'm going to hold on to that

And I'm going to be there... be there... alright

I don't know where to begin  
I don't know how to get out there to see you

Baby there's something about you that  
I can hold on to  
I'm going to hold on to that  
Baby there's something about you that

I can hold on to  
I'm going to hold on to that  
(repeat)

It's been a long time coming  
I'm going to hold on to that
