VERSE 1:

The curtain drops as I say, "Hello," I wanna sing
this song I wrote for you.

I'll sing you to sleep in the starlight, oh yeah.
Every moment passes so quickly; not a thought on
mind just memories,
Of laying down here for hours with you.

Pull me closer darling as you whisper my name.

CHORUS:

I get butterflies when I talk to you.
I wanna hold your hand so all our dreams come true.
And it's alright, to be by my side.
This summer love feels nothing like the last time.

VERSE 2:

And I know (I Know)
I knew exactly what it'd be.
Amusement parks, and special cards, I said I'd
keep forever.
But, when I spoke of this forever, I knew that it could
mean,
A nightmare here without you, or a chase to one last
dream.
I never want to end this, cause I know it's me.
So kiss me now enjoy this final scene.

BRIDGE:

Let's begin the countdown we're staring at
each other,
In the middle of the night, in the middle of the
summer,
It's a long, long way till we get back home,
But the party won't stop till we walk out those doors.
Everybody's leavin' it's just me and you,
I try to find a reason to escape the truth,
Time is running out and I'm about to scream,
Just give me those lips and let's start this dream.

CHORUS: X2 (with bridge overlap)

I get butterflies when I talk to you.
I wanna hold your hand so all our dreams come true.
And it's alright, to be by my side.
This summer love feels nothing like the last time.
