There we are standing in the shooting stars,  
in our houses in our cars  
You didn't know it, now you do  
this is the way we move  
In the belly of the whale  
In my bedroom I can't sleep  
And all my friends got crooked tales  
That's the way I like it  
That's just what I need and

Chorus:

Here we are standing in the shooting stars  
In our houses, in our cars  
you didn't know it, now you do  
this is the way, this is the way we move  
In the belly of the whale  
in my bedroom I can't sleep  
and all my friends got crooked tales

Chorus:

Here we are standing in the shooting stars  
In our houses, in the ashes, the bars  
you didn't know it, now you do  
it happens to be the way, the way you move  
In the belly of the whale, in the belly of the beast  
At the last supper honey,  
Make sure you get something, something to eat  
Here we are standing in the shooting stars  
In our houses, in our cars  
you didn't know it, now you do  
This is the way, this is the way we move  
This is the way, this is the way we move  
This is the way, this is the way we move  
This is the way
