Chorus:

Los sueÑ±os son etapas hacia arriba.
Una transformaci³n pol³tica de ideas.
ImÑ±genes que enciende el est³reo tipos Digressing
forma idealista.

Negative concepts to how I was perceived.
I was cautious of my response.
How my sexuality influenced my emotion
To define my femininity.
I identify with watching women by aging,
Looking at girly books at an early age.
Staring at women would someday break me.
I did not understand a child's early interest
Of growing up gay was introduced through
A negative response through broken relationships.

Chorus:

Los sueÑ±os son etapas hacia arriba.
Una transformaci³n pol³tica de ideas.
ImÑ±genes que enciende el est³reo tipos Digressing
forma idealista.

I am in love with myself.
I connect with the place
Of being lame. I teeth objectivity
I am my best friend.
I disguise my innocent
My thoughts wipe away the weeping tears
To understand my eroticism for women.
Implementing an android transition
Of being bold and brave,
I have desirable thoughts of being pretty.
Living a life of sassy temptation,
Grandiose of interpretation of sin of bisexual lust.
Adjusting to address the piety of
Being a geek defying dreams
With the world.

Chorus:

Los sueÑ±os son etapas hacia arriba.

Una transformaci3n pol3tica de ideas.
Im3genes que enciende el est3reo tipos Digressing
forma idealista.

Momma always said to grow some tittie
Having sex was an imposition
Of wise and kind decisions.
Momma always said to wear a dress
The nature of the decision to wear pants
Was examined transgression to peers.
Momma says to hold your head up
And walk with a flow
I regretted the observation of
Being thought a whore.
Momma says to wear polish and wear make up
This is really a mask
To cover up natural beauty
Of looking like a man.

I am an introvert,
I am also shy.
I do not hold much company.
I hunger in famine for my femininity to rise.
I am guilty of creating hypocrisy.
I imagine having sex all day
To yearn my thrust.
Idolizing pretty women
on programs.
What I did is wrong,
My behavior is not how
I was raised to be.
Mopey, cheerful and glee.

Chorus:
Los sue±os son etapas hacia arriba.
Una transformaci3n pol3tica de ideas.
Im3genes que enciende el est3reo tipos Digressing
forma idealista.
