In charge of all
That makes the world go round
She is the one
Who holds my heart spell bound
Searching for the
Answers to the questions
That she needs to
Resolve with all her passions

Secretly she wants to be
A modern girl in the modern world
Taking everything she needs
A modern girl in the modern world
She so costly never free
A modern girl in the modern world
Teasing everyone she meets
A modern girl in the modern world

The way she walks
Around just like a goddess
Each day as she
Makes everyone so obsessed
Over her lies
She always gets her way
Seizing moments
Of each and every day
