No more hiding tonight.  
Oh boy, I'm caught in your eyes,  
Beer-cheers all around  
But I only hear your heart pound

I know it's ironic  
Can't be platonic  
There's heat in the air  
My breath is getting faster

Do you wanna ta-ta-taste me  
Am I getting too na-na-nasty?  
Your sugar lips me-e-elt me  
I've got more than a, more than a crush  
Baby, you're too mu-uh-uh-uch  
Can't stop this ru-uh-uh-ush  
Don't wanna keep it hu-uh-uh-ush  
I've got more than a, more than a crush

Now the lights are goin' down  
In your arms, I drown  
Come on, let's be criminals  
Handcuffed by love

You're my heart's abductor  
My dirty dance conductor  
Break away from this circumstance  
On the run from this romance

Do you wanna ta-ta-taste me  
Am I getting too na-na-nasty?  
Your sugar lips me-e-elt me  
I've got more than a, more than a crush  
Baby, you're too mu-uh-uh-uch  
Can't stop this ru-uh-uh-ush  
Don't wanna keep it hu-uh-uh-ush  
I've got more than a, more than a crush

Another night, another day,  
I need your love, won't have it any other way  
I, I, I, I'm starving for you, I'm craving you,

Fi-fi-fill me up with you.  
Give it, give it, give it to me; I want you badly, baby,  
Touch me, no thinking, feel it.  
I, I, I'll let you in

Do you wanna ta-ta-taste me  
Am I getting too na-na-nasty?  
Your sugar lips me-e-elt me  
I've got more than a, more than a crush  
Baby, you're too mu-uh-uh-uch  
Can't stop this ru-uh-uh-ush  
Don't wanna keep it hu-uh-uh-ush  
I've got more than a, more than a crush
