Headbanger... [2x]

- You did a pretty good job, man

I'm scared now

Stop it now

I can pay you

\$2 million, man

In cash

Right now!

- This is not about money

This is about power!

There's a new king in the streets

This is a message he has for your people

You are history

Fucking history, goddamn puto

- What the fuck are you doing now, man?

You're crazy!

- Not only do I have to kill you

But I have to take your soul

Voodoo magic

Fucking voodoo magic, man

Hahaha!

- You did a pretty good job, man

I'm scared now

Stop it now

I can pay you

\$2 million, man

In cash

Right now!

- This is not about money

This is about power!

There's a new king in the streets

This is a message he has for your people

But I have to take your soul

Voodoo magic
Fucking voodoo magic, man
