"Digestion Song"

Visit "[Digestion Song](#)" on MotoLyrics.com

Your mouth controls
â€œChewing food with salivaâ€œ
Moisten food changingâ€œ
Starch to a sugar, nowâ€œ
Your throat makes food go down
â€œPharynx, gullet
â€œEsophagusâ€œâ€œ

Food travels down esophagusâ€œ
To the stomach
â€œNow it's speeding awayâ€œ
Digestive tractâ€œ
Yeah, stomachâ€œ
Will crush and swish
â€œThe food and juiceâ€œ
In folds,
rugaeâ€œâ€œ

Pass the lips, pharynx
Through esophagus
â€œPeristalsis
â€œIn the stomach churned with digestive juices
â€œInto the small intestine
â€œDigestionâ€œ
Water, fiber
â€œInto large intestine
â€œColon
â€œWater is absorbed into your bloodstreamâ€œ
The semi-solid fecesâ€œ
Out rectum, nowâ€œâ€œ
Oh, oh
Oh, oh
â€œâ€œ
The food will move to a tubeâ€œ
Small intestineâ€œ
Duodenum, jejunumâ€œAnd ileum
â€œâ€œNow, the juiceâ€œIs there is here
â€œFrom the liver
â€œAnd pancreas
â€œâ€œIt will break down the proteins
â€œStarch and the fatsâ€œ

Digestive glands help to make juices-enzymesâ€”â€”
Yeah, the liverâ€”Makes bile, breaks fat
â€”Enzymes work out
â€”Breaking them down

â€”â€”Pass the lips, pharynx
Through esophagus
â€”Peristalsis
â€”In the stomach churned with digestive juices
â€”Into the small intestine
â€”Digestionâ€”
Water, fiber
â€”Into large intestine
â€”Colon
â€”Water is absorbed into your bloodstreamâ€”
The semi-solid fecesâ€”
Out rectum, nowâ€”â€”
Oh, oh
Oh, oh
Oh, oh,
Oh, oh

Water, fiberâ€”
Digest, it not
â€”Large intestineâ€”I
s called colonâ€”
Water absorbed
â€”Into bloodstream
â€”Feces is pushedâ€”
Out the rectumâ€”â€”

Pass the lips, pharynx
Through esophagus
â€”Peristalsis
â€”In the stomach churned with digestive juices
â€”Into the small intestine
â€”Digestionâ€”
Water, fiber
â€”Into large intestine
â€”Colon
â€”Water is absorbed into your bloodstreamâ€”
The semi-solid fecesâ€”
Out rectum, nowâ€”â€”
Oh, oh
Oh, oh
