Lunacy and chaos
Accost me now
Floating like an albatross
Across my bow

Brood or change
Bring the news to me
Atomic anti-star
Bring me into range
Destroy me at the bar atomic anti-star

It's occurred to me to stay off
The holy cow
You're never going to make it with anyone
Anyhow
Brood or change
Bring the news to me oh
Atomic anti-star
Bring me into range
Destroy me at the bar atomic anti-star

For the wetness of eye. For the wetness of...

Brood or change
Bring the news to me
Atomic anti-star
Bring me into range
Destroy me at the bar atomic anti-star
