There's no way absolutly no way that you can play your games on the truth  
If you play all faking fooling games at the end of the day you will loose  
And all your life all the time all you try is to run from your old lies  
And all your life all the time all you try is to play tricks to your own mind

And there's no way absolutly no way that you can turn your back on love  
It burns in your heart circulates in your blood so if not for love what are you gonna live for?

(Refrain:)

And i say oh, there's no way  
There's no way there's no way  
Well i say oh, there's no way there's no way there's no way

And there's no way absolutly no way that you can exist without God  
Say what you may or lie all your way  
the highest power man confessing all of us (?)

And all your life all the time all you try is to find what you're missing  
And than you find that you're just been to blind  
or you couldn't win over your pride or you just been too busy

And there's no way absolutly no way that you can life your life without joy  
It makes the bird sing  
makes the flowers bloom and spring  
It's the force that keeps this world turning

And all your life all the time all you try is to be so god damn serious  
And than one day maybe you wake up and say that you wasted so many moments that were so  
damn precious

Well oh
