i've been wanting to go down  
this road with you  
a longtime now  
and i've been hopping  
that you find  
a way to swallow your pride  
and let go of the time now  
...let's go underground  
where we can't be found  
and forget the world around us  
darling can't you see ?  
there's just you and me ?  
so takeoff your cool than your blues than your shoes,  
let's go underground  
where we can be found  
and forget all the bad things that's around us,  
can't you see there's nobody else here,  
so take off your cool than your blues than your shoes,  
lalalaaaaa la lalalaaaa  
so now we're drifting  
towards each other  
and an ocean of emotion  
thundering my blood,  
so i uplifting when you show off me  
with your warmth and your thoughts  
and all the love you got  
and it's not too far  
from my shore to your shore  
not too far from my door to your door  
not too far from my heart to your heart, darling you know  
that this place is safe,  
darling let's go, let's go  
let's go undergroud where we can't be found  
and forget the world around us

darling can't you see ?  
there's just you and me ?  
so takeoff your cool than your blues than your shoes
