"A Thousand Deaths"

No sound in me
No rain in me
A desert when you're not with me

There is no air
It is not fair
A heaven without stairs

Sunk to hope,
Breathless words,
I'm expecting to find your love

How weak I have been to you, my love / The only reason
why I stand before you,
and It's because

I died a thousand deaths because of you
You my love
I cried a thousand nights because of you
You alone
I expired a thousand times because of you

You have been all my hope
The light into the night
You are the strength my sweetest walk

I always had an inferiority complex about my looks
but one day I found myself with you and it was a
wonderful thing
if you can take nothing and use it, I offer you my
nothing
I know I love you and all I can give you is my love

I can see the sun
The sand is warm
Sing my song and stay with me

I'm still away
But on my way,
I see you when I close my eyes

The only reason why I stand before you,
and It's because
I died a thousand deaths because of you (It's because
of you)
I cried a thousand nights because of you (A thousand
times)
You alone
I expired a thousand times because of you (because of
you)
Because of you
