You are lucky if you know  
What your heart desires and grow  
With a dream to make it true,  
For you it's like obsession that cures.

You are faithful, to achieve  
The aim you always do your best, live  
With impressions which touch  
Your heart because you want it so much.

You are happy when you reach  
Success, meet the people who teach  
What you should do every day  
To move efficiently on your way.

Doing steps you analyze  
The action that will bring you a prize.  
Moments may be black or white  
But you can always notice the light.

Even flying, highly crying, walking here I never know  
What will happen but excited, with power and faith,  
Resolved I go.

Even flying, highly crying, walking here I never know  
What will happen but excited, with power and faith,  
Resolved I go.

Many years of hard work  
Are always worth much more than a talk.  
Working, practising you get

Closer to your paradise, let

You be confident and strong,  
Even if you wait for so long  
You continue to believe,  
Dreaming always helps you to live.

You are lucky if you know  
What your heart desires and grow

With a dream to make it true,  
For you it's like obsession that cures.

You are faithful, to achieve  
The aim you always do your best, live  
With impressions which touch  
Your heart because you want it so much.

Even flying, highly crying, walking here I never know  
What will happen but excited, with power and faith,  
Resolved I go.

Even flying, highly crying, walking here I never know
