How could you come into my life,
Healing dangerous wounds?
How could you change everything,
Lifting me up from the ground?

Showing me a different world
Where it was easy to breathe,
Where I could feel so high,
And leave my problems underneath.

Oh, baby, please, don't go.
I will try to carry on.
And I will keep you in my heart.
You will always be it's part.
Maybe I will feel the pain.
Sometimes I may lose my way.
But I will keep it in my heart.
I will try to never go down.

Making the effort I move
Towards what I believe
In, what I want, what I dream about,
Where I wanna live.
You give me energy, the inspirational light.
Maybe I am innocent,
But I believe in love.

Oh, baby, please, don't go.
I will try to carry on.

And I will keep you in my heart.
You will always be it's part.
Maybe I will feel the pain.
Sometimes I may lose my way.
But I will keep it in my heart.
I will try to never go down.

What do you feel inside, when
You wanna laugh or cry then?
What do you want to have no length?
What is real, what gives us strength?

This is love, love.

Oh, baby, please, don't go.
I will try to carry on.
And I will keep you in my heart.
You will always be it's part.
May be I will feel the pain.
Sometimes I may lose my way.
But I will keep it in my heart.
I will try..

Baby, please, don't go.
I will try to carry on.
And I will keep you in my heart.
You will always be it's part.
Maybe I will feel the pain.
Sometimes I may lose my way.
But I will keep it in my heart.
I will try to never go down.
