Cut off over my head  
The shape of you is still in my mind  
Quiet mouthed with over-thought  
As the fog starts to shift up and down your spine

I remember you in unsettling cold  
Running from symbols so astoundingly vague  
As the ancients overlay  
Most times I never cared to ever understand anything  
Well, who is a sadder man other than thee?

You are the Lord  
As cruel as a thief

So would you please  
Wrap around me  
That wooden coat  
Oh, oh, oh

So would you please  
Wrap around me  
That wooden coat  
'Cause I always seem to find myself entrapped

The taste of her is still on my lips  
I felt her slowing pulse beneath the ribs  
At a loss of words to explain  
What good it did for me

If it meant anything

By this I realize  
I may never find a way  
To alleviate  
Every hunger and pain

Or remember her name

So would you please  
Wrap around me  
That wooden coat

Oh, oh, oh

So would you please  
Wrap around me  
That wooden coat  
'Cause I always seem to find myself entrapped

So would you please  
Wrap around me  
That wooden coat

So would you please  
Wrap around me  
That wooden coat  
'Cause I always seem to find myself entrapped
