"Diamonds"

No one was around, we know this place
The other side of town, but it's not a race
We hadn't slept for a while, went out of sorts
You came with me that night, you wanted more

So I took you to the diamonds
We were healing
We were silent
Then I kissed you to save the moment

I look back sometimes and let it flow
We never said goodbye, so I'll never know
How you kept my heart undone
I can hear your voice with me
I wish tonight, we came so close

So I ran back to the diamonds,
To the last place that I saw you
Where I tried to reclaim the moment (reclaim the
moment)

Oooh X3

So I went down to the diamonds
To the last place that I saw you
Where I looked for my losses (my losses X4)
