Keep your nose out of my business, what are you looking for.
Your the problem, you'll be gone soon, waste of space, were not waiting for you.
Keep your nose out of my business, waste your time, what are you looking for.
Your the problem, you'll be gone soon, waste of space, were not waiting for you.

Dying to know what happened to you, clinging on for your life, not a chance in hell.

Sucked in by all lies, you'll never fucking win, forget every single face, memories are dead.

Keep your nose out of my business, what are you looking for.
Your the problem, you'll be gone soon, waste of space, were not waiting.

Keep your nose out of my business, waste your time, what are you looking for.
Your the problem, you'll be gone soon, were not waiting.....for you.

But I'm not sorry, cause its you who's left yourself behind.
I'm not going to let you take me down with you this time.
Theres nowhere to turn, nowhere to run.
Sooner or later, your gonna get...BURNT.

TIME TO REGRET.

Time to regret.

Its all gone, what you wanted so bad, the table have turned on you
