I'm not your First Lover I may not be your last
Oh how I pray that I am I don't need to look further
I am through looking back Cause this is my hearts last
stand

Eternally; oh endlessly when you need me I'll be
there

All the time everywhere

(Chorus)

Oh; You will be forever my man

I promise to love you the best that I can

And there are things about me you may never
understand

But always remember you'll be forever my man

Time might make you weak to another's temptation
But oh how I pray that it won't

No one will ever touch me the way that you have

You're the only truth I've ever known

Don't need to question there's no doubt I could
never live without you

Oh Oh whoah

Oh there are things about you that I may never
understand

but always remember you'll be forever my man

oh whoah you'll be forever My Man
