Did you think I was gonna
Sit at home crying myself to sleep
Did you think I wouldn't make it
On my own
Without you here with me
Well you couldn't be more wrong boy
I'm out singing and dancing to
You might think it sounds crazy
But I'm way past over you
(Chorus)
So don't go believing I need a man
To make all my dreams come true
Time has shown I'm a self made woman
I've made history out of you
And don't you come begging at my door
Cause darling you don't have a clue
You might think it sounds crazy
But baby I'm way past over you

You're wrong if you were thinking
I'd miss your boring company
So don't you be telling all your friends
I fell apart when you set me free
You can call them up and tell them
I've got better things to do
They might think it sounds crazy
But baby I'm way past over you

(Repeat Chorus)

(Instrumental Break)

So don't go believing I need a man
To make all my dreams come true
Time has shown I'm a self made woman
I've made history out of you
And don't you come begging at my door
Cause darling you don't have a clue
You might think it sounds crazy
But baby I'm way past over you
So don't you come begging at my door
Cause darling you don't have a clue
You might think it sounds crazy

But baby I'm way past over you
You might think it sounds crazy
But baby I'm way past over
Way past
over I'm way past over you
