I see you lookin' at the wind like you wanna run
Staring out over the water like your dreams are gettin'
farther
You don't long for me the way that you did before
Cause I've tried to turn you into something,
watching love fade into nothing
When all of a sudden I see
The one who is broken is me

What if I am the anchor and you are the sail
And you've been tryin' to move, tryin' to do something
And I've been holdin' you right here
You wanna go, you wanna go, but I wish you would stay
Is it the time to cut the ties and watch you fly... away?

There was a time we swore that we would never settle
down
Young and crazy, you and me, freer than the open
seas
I never thought I'd be the one to ever let you go
It'll break my heart to watch you leave, but that's how
this has to be

What if I am the anchor and you are the sail
And you've been tryin' to move, tryin' to do something
And I've been holdin' you right here
You wanna go, you wanna go, but I wish you would stay
Is it the time to cut the ties and watch you fly... away?
Oh, you'll fly away

You wanna go, you wanna go, and I wish you would
stay

What if I am the anchor and you are the sail
And you've been tryin' to move, tryin' to do something
And I've been holdin' you right here
And all of a sudden I see
Ooh, that I'm the one who's broken

What if I am the anchor and you are the sail
And you've been tryin' to move, tryin' to do something

And I've been holdin' you right here
You wanna go, you wanna go, but I wish you would stay
Is it the time to cut the ties and watch you fly... away?
Watch you fly away

What if I'm the anchor, what if you're the sail
