(Verse 1)

I be chillen.. I be chillen at the atmosphere
Know they talking bou' me but I really just dont care
Haters wanna stop me down but its really just not fair
Lemmie make this clear, we cannot compare
And you know I wanna get paid
So Im out grinding like a nerd tryna get laid
Im on the clock weight, hommie never got late
Working so hard, got me losing on my net weight.

Yeah! and got me adding on my profits
Stalking brinks like Im tryna build a complex
Buy a crib get my mama off the projects
Prolly One day I'll see my name on the Forbes list

Ah.. And you know a nigger worth it
It aint hard to tell like a nasty nigger classic
Put it on my name you can tell the people love it
All the money in my mind tryna fit it on my wallet

(Hook)

I got my eyes on the prize, (Hey)
Never turning back (Hey)
When I see the green-light,
I step on the gas I'm gone
Ohhhh....I'm gone
N I never listen to em,
when they tryna pull me down
When I see the greenlight Im gone
Hey shortie...Im gone...Im outta here

(Verse 2 (Peekay))

First off I blast off in the water-space
I'm Neil Armstrong chillen on the lunar face
Lemmie cut the chase, give it to you straight,
Cant do it legally so I reside the other way.
Yes! They say the best things in life are free
So I cant buy all this bullshit they selling me
Don't even try to deny that you feeling me
How I do it should be you feeling it.
Look, I'm so heavy they call me gravity

Grabbing all of my strategy
Never letting go coz my grip is tight like a caner fit
I'm genuine all the rest is a bunch of counterfeits
Life is what you make it, mine's a big deal
Even when I feel like I'm loosing I win still
Motion picture based on a true story being real
Bring it back another round like a wind mill

(Hook)

Verse 3
(Shrekeezy)

Level yenyeniko ni above the bar
Nikiroga kila mtu anazubaa zubaa (Hey
Mi hua Dar mi hua Zanzibar
Hawa marapper wanafaa kunicall baba
Juu bado nipo nipo, mbele yao kama nipple
If it aint about the money kama kawa mimi sipo
I see you looking back when Im passing by the streets
Coz Im flyer than you niggers by some 20,000 feet

(Peekay)

So what it do the call me Peekay
Fresher than the breath mint
Realest man alive and I represent the great rift
Im on the grind, paper chasing everyday
24/7 365 no holiday
I keep it realer than a real estate agent
Martin Luther the King I have a dream legend
No faking, history in the making
Reporting live from the streets, I'm on your screens
waving
