It took wounds to pay for my transgressions
Bruises to pay for my iniquities
Punishment to pay for the peace I need
Stripes to pay for my healing

So why should you stand at the door
Simply glazing in
Now that you fully understand
Enter In

Jesus Gave
What it took
Us to have
What we need

So if you've failed in the past
To receive what you need
Gave up what was yours
Because you forgot that you were free

Remember Jesus the Apostle
And High Priest of what we say
Remember what's been paid for
Receive and don't delay

Jesus Gave
What it took
Us to have
What we need

So I release my sins
Receive His Righteousness
Release my sorrow
Receive His Peace
Release sickness
And all of my pain
Release my Healing in Jesus name
